

Machine Learning University

Certificate of Completion

is hereby granted to

Maxat Issaliyev

For completing the course

Agentic AI: Essential Concepts for Builders

August 29, 2025

Machine Learning University

Machine Learning University is an internal Amazon program that democratizes access to machine learning and generative AI education. We empower employees to identify opportunities, collaborate effectively on AI projects, and accelerate model deployment to production.

Disclaimer: This certificate is issued to individuals after completion of a Machine Learning University course. The certificate date is based on UTC. This is not a legal document.
